Network Startup Resource Center

Hervey Allen
"Network System Engineer"
nsrc.org

What we do

The Network Startup Resource Center provides technical advice and engineering assistance to developing area networking initiatives seeking to connect to the public Internet, especially to academic/research institutions and non-governmental organizations (NGOs).

Who funds us

Core funding comes from the *US National Science Foundation*.

Additional funding and donors include Carnegie Mellon, Cisco Systems, FreeBSD Mall, Google, IDRC, ISOC, O'Reilly, Richard Karp, Vint Cerf, the University of Oregon and many others.
